World Leprosy Day Sunday 31 January 2027 marks World Leprosy Day, which aims to raise awareness of a disease that many people think no longer exists. Each year around 200,000 people are diagnosed with leprosy and there are millions more who are living with the consequences of disability caused by leprosy and the stigma that still surrounds the disease.

St Francis Leprosy Guild (SFLG), which is the UK's only Catholic leprosy charity, has been caring for people with leprosy for over 130 years. Through shared values and faith, we encourage our community to support SFLG's vital work and keep people with leprosy in your prayers.
